

BOARD ENGAGEMENT

2027 Board Transformation Network

Transform how your board governs, leads, and delivers impact.

From Learning to Leadership

Strong organizations need boards that are strategic, engaged, and prepared to lead through change. The Board Transformation Network brings board leaders and CEOs together in a national peer-learning community designed to turn governance insights into meaningful action.

Unlike traditional training programs built primarily around presentations, the Network prioritizes peer exchange, practical problem-solving, and organizational application. Participating teams explore real-world governance challenges, learn from other board and CEO leaders, and leave every session with a specific action to implement within their organization.

Who Should Participate

Board Members and their CEO. This program is especially targeted to Governance Committee Members and Board Chairs, but all board members would benefit.

Requirements

- 2 Board Members committed to participating in four 90 minute virtual sessions.
- At least 1 board member must attend each session.
- CEO (or designee) participation to support board development.
- Consultation with DOD at end of program to finalize your board development plan and put it into action.

The Return on Your Investment

Through four interactive, 90-minute sessions, participating board leaders and CEOs will:

- Identify their board's strengths, gaps, and highest-priority development needs.
- Strengthen board culture, engagement, and accountability.
- Build a more effective Board - CEO partnership.
- Shift board conversations from operational updates to strategic leadership.
- Prepare for financial, leadership, and governance challenges ahead.
- Develop a practical Governance Action Plan with clear priorities, responsibilities, success measures, and timelines.

Schedule

All sessions are 1-2:30 PM ET

More Than a Training Series

The Board Transformation Network is a practical vehicle for accelerating organizational effectiveness. Participants do not simply gain new ideas. They create a clear path toward a more strategic, engaged, and future-ready board.
